Interest in Odd Fellows' Whist Tournament—Test Shows Well Water Free From Typhoid Germs—Notes.

Many local Odd Fellows have made arrangements to attend the final games in the Manchester Union, I. O. O. F. whist tournament for the Lee Clergy cup which will be played between the local and the local teams of Plainfield and the local team of Taftville at the lodge rooms in Norwich Friday evening. After the tournament several new members will be initiated by the reorganized degree team.

Well Water Free From Typhoid Germs  
The samples of well water that were sent to the state chemist a short while ago to be tested for typhoid germs have been returned and it is stated that there were no signs of typhoid in the samples. It is now thought that the typhoid may come from the reservoir water. Water from the river was pumped into the reservoir some time ago and at the time the water was pumped into the reservoir warning the people not to use the water for drinking purposes unless it had been boiled were distributed from house to house and everyone was warned. It is possible that people have become careless and have neglected to take precautions in regard to boiling and in this way have contracted the disease. Samples of the reservoir water will be sent to the state chemist the last of this week.

### Notes of Interest.

Charles Burdick was a visitor in Jewett City Wednesday.

The recruiting agent from New London was in town Thursday posting notices in the public buildings.

## FOUR YOUNG MEN ENLIST IN ARMY

District Recruiting Officer to Ask for Central Auxiliary Station.

So far this month there have been four young men enlisted in the army at the recruiting station recently established in New London. There have been seven applicants and while one of these was refused by the recruiting officer two others were dropped out of their own accord.

Major Mercer, the local recruiting officer, is to ask the war department for the establishment of a central auxiliary station in New London and if this request is granted it will mean the stationing of another sergeant and corporal there and under their direction the stationing of the auxiliary station is to canvass the district for recruits and not depend on the applicants coming to the station to express a desire to join their colors.

Headquarters are in New Haven and there are recruiting officers in Hartford, Springfield and Bridgeport. Under the auxiliary idea all the territory between the local station and the nearest of these others would be covered by enlisted men in a search for recruits.

Most of the applicants for enlistment that have been received in New London have come from out of town.

## MARRIED IN PUTNAM.

Couple Found Dead in Albany Believed to Have Committed Suicide.

A despatch from Albany Wednesday said: Governor Whitman said today that Mrs. Alice Dewey, a mother of Mrs. Alice Le Clare Page, who was found dead with her husband in his apartment on North Pearl street here ten days ago, had told him the sad story. It was that her daughter committed suicide. There have been stories that the governor would order an investigation of the case of the Page on the ground that the authorities had been lax Mrs. Dewey denied that she had any intention of asking for an investigation.

Mrs. Dewey's visit to the executive chamber today is regarded as the final chapter of the tragedy.

Charles M. Page, 44, iron worker of Albany, N. Y., and Alice Le Clare Dewey, 24, of Lake Placid, daughter of Thomas and Clara Gallienne Dewey, and born at Saratoga Lake, were united in marriage by Rev. F. D. Sargent at Putnam, Conn. Oct. 29, 1913. This was at the time when Putnam was the Green Green of Connecticut and while Rev. Mr. Sargent has a record of the marriage there were no unusual features about it to distinguish it from many others which occurred at that time.

## AT THE DAVIS THEATRE

Vaudeville and Moving Pictures  
Another clean and up-to-the-minute vaudeville bill greeted the large audience at the Davis theatre Thursday. It was with regret that the theatre management had to substitute one of the acts advertised but this was unavoidable as the woman who was to have appeared in Dunley and Merrill was unable to sing. Manager Al Craig got into communication with Manager Murphy of the Lyceum theatre in New London over the telephone with the result that Manager Murphy sent Hunter & Chappell, colored singers and dancers, who are appearing at the New London house, to the Davis. After their appearance in the Lyceum. Early and Eary, a crack-jack team of gymnasts presented an act that drew a generous round of applause and Arnold and White put over a neat singing, talking and dancing specialty.

The Triangle feature photoplay was the "The Pirate", featuring the popular movie actress, Lillian Glad. To complete the bill there was a two-reel Keystone comedy film, "The Judge", featuring Charles Murray.

TO PURIFY WATERS IN THE STATE

Sewage Should Not be Allowed to Flow Into the Rivers.

An important conference was held in the office of the state board of health Wednesday between representatives of those engaged in shell fisheries and the secretary of the state board of health on the subject of the purification of the waters of the state. Former Senator F. L. Homan, of New Haven made a statement in which he showed the damage to the industry by the pollution of waters by sewage. He pointed out that some effective steps should be taken to compel municipalities to dispose of sewage by means other than allowing it to flow into the rivers.

Prof. Conn. of Wesleyan, said the remedy could not be applied in a hurry. Representative F. L. Perry, secretary of the shell fish commission, also spoke in advocacy of the cleansing of the waters.

ATTEMPTED SUICIDE BY DRINKING CARBOLIC ACID  
Quick Action by Policemen Saves Young Woman's Life.

Dependent and half starved, a young woman attempted to commit suicide near a saloon on Golden street in New London at 9:30 o'clock Wednesday night when she took a dose of carbolic acid. By the quick action of two policemen, who five minutes later discovered her in a critical condition and immediately summoned a physician, her life was saved. That is, unless her present condition, which indicates a good chance of her living, does not take a decided turn for the worse. At the Memorial hospital, where she was taken after given treatment, it was stated Thursday morning that she was resting comfortably.

The woman is Mrs. Mary E. Gra-

ett, aged 25 years, whose husband is a mechanic and is employed in Canada. "She claims her name is Mrs. Hewitt. By her appearance one would think that she was a mere girl of 20 years of age."

While Policemen James McKenna and Nelson Smith, who are on the 9 o'clock watch for this month, were starting in on their night patrol the former espied the woman lying in an alley, adjacent to a Golden street saloon. Policeman McKenna called Policeman Smith and the officers, who recognized the woman, believing that she had swallowed poison immediately summoned a physician and then rushed the unfortunate woman to the police station, a short distance away. Fortunately Dr. F. M. Dunn, who was among the physicians summoned by telephone, was in his office and he came directly to the station where he pumped the poison from the woman's body. Meanwhile the ambulance from the Memorial hospital arrived outside

the station and to that institution the woman was taken.
